GRACE SEES HILL'S MAN THACHER

Calls at Democratic Headquarters to Discuss Tammany's Refusal to Div de with Him.

The refusal of the Tammany leaders to treat with the Grace Democracy on 'ongressional and Assembly no tions has caused a good deal of worry for the gentlemen who are managing ir. It is believed that he made a formal announcement of his intention to put Congressional and Assen bly candidates in the fleid, and to make any combination necessary with endents to secure the election of these

It is not unlikely that the Grace Democrats will take advantage of the disaffection in Tammany's ranks resulting from the "turning down" of Congressman "Tim" Campbell in the Ninth District, J. Whether or not his organization will nominate all three to win over their adherents is a question that cannot be definitely answered just yet.
